

Scholarships

At Brookhouse, scholarships are a means of recognising merit; they are highly selective, and awarded relatively infrequently, making them all the more prestigious for the deserving recipients. Our scholarship programme reflects the school mission statement ethos: "learn to excel".

General and academic scholarships are determined by a combination of factors:

- ◆ Academic profile
- ◆ Extra-curricular contribution
- ◆ Interview
- ◆ Scores on Brookhouse administered tests.

Specific scholarships are also awarded for sporting prowess and in the following areas of creative endeavour:

- ◆ Fine Art
- ◆ Music
- ◆ Drama

Such specific scholarships require a demonstrated portfolio of achievement in the given area.

Typically, Brookhouse scholarships are partial scholarships, in line with the school policy of spreading the budgeted scholarship fund amongst several deserving individuals. Our scholarships are applicable only to tuition fees, and not to boarding fees.
